The benefits outlined here apply to regular, part-time employees. Eligible dependents include a legal spouse and/or each child of the covered employee up to age 26 (including natural-born children, stepchildren, adopted children, foster children and guardianships). Important: When enrolling new dependents, employees are required to provide their dependents’ social security numbers as well as supporting documentation – such as a marriage certificate for a spouse or a birth certificate for a child – to verify their relationship to the dependent and, consequently, that the dependent meets eligibility requirements for our benefits package. More details on what is required are provided within the enrollment process.

The optional benefits outlined here are available only during Open Enrollment at year’s end or within 31 days of a qualifying event. (There are some exceptions, including Health Savings Accounts and Home & Auto.) Some policies and benefits may not apply to you if you are covered by a collective bargaining agreement (CBA). Please refer to your CBA for specific details.

The information contained on the following pages is in summary form only and is solely intended for informational purposes. To the best of our knowledge, the information is true and accurate at the time of publication. While the benefits outlined here represent those available to most employees, not all programs are offered at all sites and exclusions may apply. For details on your benefits coverage, please see our summary of benefits coverage (SBC) and summary plan description (SPD), both of which are posted on ESconnection Online (esconnection.qg.com). You can also contact Quad’s ESconnection at 1.866.275.3737.
It’s Open Enrollment, which is first and foremost your once-a-year opportunity to make changes to your benefits elections outside of a qualifying event. This guide outlines what benefits you have available to consider. If you want to make changes to your current elections, simply log on to ESconnection Online, your benefits website at esconnection.qg.com, anytime between November 3-18 and follow the instructions.

Open Enrollment is also a good time to reflect on the value of your benefits and make sure you understand how to get the most out of them. I encourage you to use the resources you have available to you, including our ESconnection, a group of tenured Quad professionals who are on call and dedicated to answering your questions on all things benefits and employment-related. There’s also a wealth of information available on ESconnection Online for you to review at your convenience. Our goal is to find a better way to serve you and help you understand what our benefits package offers.

Finding a better way is really a common goal we all share. That’s particularly true in the context of our work – in how we serve our customers, both external and internal, and in how we strive to be the best in our industry. But it’s also true in the desire each of us has to do better for ourselves and our families.

Behind every decision we make is our company’s desire to help you find your way to better, whatever that means for you. Is it being the picture of health and wellness? Whether you’re there today or working your way towards it, we have services and programs to support you. Perhaps your idea of doing better for yourself is more financially focused, such as preparing for a comfortable retirement tomorrow or even planning for financial security today. Maybe it’s even simpler than that, such as managing your money so you can live life to its fullest in the present moment. Whatever makes your life better, we strive to support you in achieving it.

Here’s to better!

Nancy Ott
Vice President of Human Resources, Quad/Graphics
Open Enrollment for your 2017 benefits runs November 3-18, 2016. It's your once-a-year opportunity to enroll or adjust your coverage levels in the benefits available to you.

Again this year we are offering part-time employees like you healthcare coverage. Choose any combination of medical, dental and/or vision coverage. If you don't have healthcare coverage elsewhere, you may want to consider our plans and what they have to offer.

What follows is information on the benefits you have to consider during Open Enrollment. You can find more information on each by logging on to ESconnection Online, your benefits website. Log on to esconnection.qg.com. Please read through all the information carefully to understand changes for 2017 and to decide if you want to make any changes in your elections for the coming year.

This year is a passive enrollment, meaning your elections (with the exception of flex spending plans) will carry over into 2017 unless you log on to ESconnection Online during Open Enrollment and make changes. You will only need to log on if you want to enroll in our health plan, make changes to your existing elections or establish flex spending plans for 2017.

Learn more on ESconnection Online! For more information on these changes and how to use your benefits, log on to esconnection.qg.com.
Our health plan affords you the opportunity to enroll yourself or your entire family in any combination of medical, dental and/or vision coverage you want.

Together these plans take care of you when you’re sick, but the overriding philosophy of Quad's health plan is about keeping you well in the first place. That’s why you’ll find additional wellness programs available to help employees and their families achieve and maintain healthy lifestyles.

2017 Weekly Premiums
The following are the weekly premiums you would pay if you enroll in the combination of medical, dental and vision. Note that medical coverage includes prescription coverage. Again, you can enroll in any combination of coverage.

Medical Coverage: Quad’s HDHP with HSA
Our high-deductible health plan (HDHP) with a health savings account (HSA) offers part-time employees the option of medical coverage for the premiums outlined above. We're offering you the option of this health plan as an opportunity to give you access to our networks and discounts so you don't have to shop for healthcare on the open market.

See the plan’s deductibles and out-of-pocket maximums below understanding that, starting in 2017, the plan will only cover care you receive in-network through Anthem Blue Cross Blue Shield (Anthem BCBS). Anthem has an expansive network of providers across the nation. You can search for a provider on Anthem.com.

### Deductibles

Amount you must pay in medical expenses before the plan begins paying its share of co-insurance. You are responsible for 100% of your medical costs up to that dollar amount. In general, once you hit the deductible you will pay a small percentage of the costs (co-insurance) or a predetermined set amount of payment (co-pay) whenever you seek care.

<table>

<tbody>
<tr>
<td>Single</td>
<td>$1,500</td>
<td>$3,000</td>
</tr>
<tr>
<td>Dual/Family</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Out-of-Pocket Maximums
The most you will pay out-of-pocket for medical expenses in any given year. If and when you hit this threshold, the plan pays 100% of your costs through the end of the plan year.

<table>
<thead>
<tr>
<th></th>
<th>Single</th>
<th>Dual/Family</th>

Prescription coverage is included in your medical plan
Our prescription benefits, which are a part of our medical coverage, cover prescription medication you obtain through our preferred network, CVS Caremark. Prescriptions you obtain outside of the CVS Caremark network will not be covered. Note that the plan’s

*Note that the premiums outlined above do not take into account the potential $35 working spouse surcharge.*
prescription deductible is commingled with the medical deductible, meaning coverage begins after the medical deductible is met.

When filling prescriptions through CVS Caremark, the type of medication you purchase (i.e., generic, preferred or non-preferred) and how you purchase it (i.e., through a retail outlet or by mail order) will determine how much you will pay out-of-pocket. There are also specific methods you need to follow to get maintenance medications at a benefit.

See a full schedule of benefits for both medical coverage and prescription coverage on $ESconnection Online$. You can find information on QuadMed at www.quadmedical.com/quad. Search for medical providers at anthem.com and learn more about where you can fill your prescriptions at caremark.com.

**Dental Coverage**
Consistent, quality dental care is essential to your well-being, which is why we offer eligible employees the option of dental coverage. The plan has a separate annual deductible for dental care. It is $50 per person and $150 per family per calendar year. Annual plan maximums apply ($1,200 per person per calendar year for all services except orthodontia, which has a lifetime maximum of $1,500 per covered participant). **Find a full schedule of benefits on E$Sconnection Online$. Search for dentists at deltadentalwi.com.**

Our dental network is Delta Dental of Wisconsin. You can see any dentist you choose, but you can control your out-of-pocket costs when you choose a dentist within one of Delta Dental’s two dentist networks: The Delta Dental Premier network or the Delta Dental PPO network. Because Delta Dental has arranged for a maximum allowance on services with the dentists in its networks, together these networks give you access to significant savings.

**Vision Coverage**
Your vision is an important part of your overall health, so our health plan provides coverage for a variety of vision-related care, including routine examinations and eyewear. Our plan has no separate deductible for vision and no annual maximums, but certain coverage is limited on a time-elapsed basis (versus a calendar-year basis) of either 12 months or 24 months.

Coverage applies whether you see an in-network or out-of-network provider. However, you get a better benefit when you seek care through our network provider, EyeMed Vision Care.

**Find a full schedule of benefits on E$Sconnection Online$.** Search for vision care providers at eyemed.com.

**About enrolling spouses and dependents**
If you’re enrolling any dependents for coverage, during Open Enrollment you will be asked to provide documentation – such as a marriage certificate for your spouse or birth certificates for your children – to prove your dependents meet our plan’s eligibility requirements.

Also note that employees enrolling their spouses in medical coverage will be asked to verify their spouse’s employment status and whether he or she is offered healthcare coverage through his or her employer. That will help us determine if a $35 weekly working spouse surcharge applies.
Whatever healthcare challenge you’re facing, you are not alone.

Let the Patient Advocacy Line help you.

The Patient Advocacy Line (PAL) is for Quad/Graphics employees and their families. Let the PAL group sort through the intricacies of your healthcare challenge – the treatment plans, the medications, the appointments and the costs. You focus on getting well. The PAL group’s services are free to you, and offers complete confidentiality. No referrals needed.

Call the PAL group whenever you need help:
• Coping with an unsettling or complex medical diagnosis, especially when you’re not sure where to turn
• Finding quality in-network providers who are a good match for your medical need or diagnosis
• Finding the best possible care while helping you stretch your healthcare dollars
• Knowing what to expect during doctor visits and procedures
• Understanding your healthcare benefits, including co-pays, co-insurance and deductibles
• Reconciling medical bills and explanations of benefits to help you understand how insurance will offset your costs
• Finding available financial assistance and community resources that can provide additional support, such as rides to appointments or childcare
• Resolving issues with insurance companies

Learn more by speaking with one of the PAL group’s representatives. Call anytime between 8 a.m. to 5 p.m. Central, Monday through Friday. You can also email PAL@quadmedical.com.*

* Note: This email address is not secure. We advise you to call us instead of using email if you want to share personal health information.
Get the urgent care you need anytime through 24/7 Telemedicine.

What if you were ill or injured and couldn’t get in to see your primary care provider? Medical plan participants can log on to teladoc.com and get almost-instant access to board-certified emergency room physicians through your computer or mobile device.*

“I was exposed to poison ivy over the weekend and needed prednisone versus an over-the-counter ointment. I was able to do a video chat at 6 a.m. from my hotel room with a doctor, and uploaded a picture for the doctor to see the rash that had developed on my back and legs. A prescription was sent to a local pharmacy and I was able to pick it up on my way to work that morning. What a HUGE convenience.”

– Dick Gogin, Versailles Finishing Manager

“The doctor I spoke to was prompt, helpful and empathetic toward my concerns. Quick and easy. I really felt I could ask all the questions I wanted to and have them answered by an experienced professional. Definitely will be using again.”

– Laura Elaine Meyer, Postal Solutions

“It really came in handy while being so far from home. The doctor was very professional and friendly.”

– Pat Rock, Hartford Recycling

“Because of Telemedicine I did not have to make an urgent visit to a clinic. It was convenient and easy to use!”

– Kathy Bedard, Woburn Customer Service

* 24/7 Telemedicine visits are $45 per visit on HDHP until they meet their deductible. Any Quad/Graphics medical plan participant is eligible to use Teladoc. However, Teladoc’s services are not currently available in Arkansas or Idaho. Teladoc is actively working on getting licensed in these states. As Teladoc becomes licensed in these states, more information will come.
Programs focused on a better you!

Our holistic approach to wellness means we support programs that help employees and their families get healthy and stay that way.

**Employee Assistance Program (EAP)**
Life is full of challenges that can throw us for a loop; the good news is that you are not alone. No matter what kind of situation you’re dealing with, if it is affecting your everyday life, chances are talking with a professional counselor can help. **EAP counselors are available to you and your family for six free confidential counseling sessions per situation**. Visit myquadmedical.com/quad for more information on EAP services in Wisconsin and AnthemEAP.com elsewhere.

**Well You!**

Well You is QuadMed's chronic condition management program for employees on our medical plan. **Get help controlling your asthma, diabetes or high blood pressure** so that you can enjoy overall better health. Participants are eligible for $0 co-pays on certain medications when they meet program criteria, such as completing regular doctor visits, being tobacco-free and taking other steps to manage their conditions. Participants can self-refer by calling one of QuadMed's Well You lines at 1.414.566.8140 or 1.855.717.4688.

**Lean You!**

Through Lean You!, our wellness incentive program, employees and spouses with Quad/Graphics' medical coverage each have the opportunity to **earn a year end cash incentive of $250 for being active**—a proven factor in being healthy. There’s no need to enroll! Just be active during the year and log your activity on ESconnection Online (esconnection.qg.com). Awards are paid out at the beginning of each year for the prior year.

**Tobacco Cessation**

Kick the tobacco habit with QuadMed's range of options, from tobacco cessation aids (i.e., Quad/Graphics' health plan covers two 90-day cycles of treatment per year for certain tobacco-cessation products at 100% through a network pharmacy) to self-paced workshops on Wellness Online, and over-the-phone coaching sessions through QuadMed. Call 1.855.717.4688 for information.

**Lighthouse Program**

The Lighthouse Program is a peer-to-peer employee-driven substance abuse support group. Membership includes the opportunity to participate in group meetings (where available). Those with a year of sobriety can choose to wear a lighthouse patch on their uniform, which indicates to others that they are open to talking about the program and their experiences, as well as helping others on their road to sobriety. Learn more about the Lighthouse Program on ESconnection Online (esconnection.qg.com).
It's important to prepare financially for your golden years, and you can do so with Quad’s retirement programs.

**401k**

It's important for employees to save for their own retirement even when they don't think they can.

**New in 2017:** If you're not contributing anything to our 401k plan today, you'll be auto enrolled in May 2017 at 6% of your earnings. If you're contributing today but at less than 6% of your salary, your contributions will be increased by 1% this coming May and annually each May thereafter until you reach 6%. That would maximize any match the company is able to pay.

Of course, you will have the freedom to change these elections, but you'll have to take active steps to do so. If you're impacted, you will be receiving a notice soon from OneAmerica, our retirement plan administrator, with information on how to make changes to your election. You can also get this information on ESconnection Online (esconnection.qg.com).

Keep in mind that while our company 401k match has moved to an annual, discretionary schedule, it remains a match – that is, you need to contribute your own wages to qualify for matching contributions. If you're not contributing at least 6% of your own money in your retirement savings account, you'll be missing out when the company makes a match.

**HDHP Participants: Invest in a Health Savings Account**

If you enroll in the High Deductible Health Plan (HDHP) for medical coverage, you have the option of establishing a health savings account, which allows you to deposit pretax money from your paycheck each week into an account you can draw from to pay for eligible healthcare expenses, both for now and well into the future.

You can use HSA funds to pay for out-of-pocket expenses not covered by our HDHP, as well as other qualified medical expenses. Funds you don't use in a given year stay in your account and you can invest them in a broad range of mutual funds to watch them grow for retirement. Like a 401k, you own this account and would take it with you should you change jobs.

HDHP participants with single coverage can set aside a maximum of $3,400 in 2017 and those with dual/family coverage can set aside $6,750. If you are 55 or older, you can make an additional catch-up contribution of $1,000. **Important: Because you're setting an annual contribution amount during Open Enrollment, HSA plan elections are required every year.** You can however change your contribution monthly as long as you stay within the maximums.

**Health Equity**

Our HSA administrator will be Health Equity starting in 2017. We've chosen Health Equity because it manages more than 2.3 million accounts worth more than $4.2 billion in deposits.
Unexpected illness and accidents can devastate your finances and turn your world upside down. Covering yourself and your family with life and disability insurance can give you peace of mind.

Quad offers part-time employees access to supplemental policies you can elect to get you to coverage levels that will give you peace of mind. Premiums for all these plans are payroll deducted weekly for your convenience.

**Life Insurance/AD&D**
You may want coverage to ensure your family is cared for when the time comes, so we've contracted with OneAmerica to offer you competitive group rates for additional, supplemental life insurance coverage.

This coverage is available in varying amounts for employees, spouses and dependents and pays a lump-sum benefit following a death. See the chart on the next page for rates, which are based on age. Premiums are deducted on an after-tax basis from your weekly paycheck.

Note that employees who purchase supplemental life insurance can also purchase accidental death and dismemberment coverage, or AD&D, which pays an additional lump-sum benefit in case you are involved in an accident that causes death, dismemberment, paralysis, or loss of sight, speech, or hearing. AD&D can only be purchased with equal amounts of supplemental life insurance coverage. You can add AD&D coverage for additional $.0044 per week for each $1,000 of coverage.

**FOR 2017 ONLY! COVER YOURSELF UP TO $500,000, NO MEDICAL QUESTIONS ASKED!**
Typically our life insurance carrier would require Evidence of Insurability (EOI) of any employee exceeding more than $250,000 in coverage. However, transitioning to OneAmerica as our life insurance carrier earlier this summer creates a one-time opportunity for eligible employees to add a significant amount of life insurance coverage during this year's Open Enrollment with no medical questions asked! If you're not enrolled, enroll today. If you're currently enrolled, add coverage. You can add $25,000 increments up to $500,000 without submitting EOI.

</tr>
</tbody>
</table>

* Rates are the same for both employee and spouse coverage.
** Generally coverage can be purchased in increments of $25,000 up to the lesser of eight times your annual salary or $1.5 million.
*** Benefits reduce at age 65. Please see the Summary Plan Description for more details.

## Long Term Disability (LTD)
LTD is optional coverage you can purchase that pays you up to 60% of your base wage in cases where a personal illness or injury causes you to miss work for more than 13 weeks.* Our carrier for LTD is Liberty Mutual and rates, which are based on your annual base compensation, are deducted from your paycheck each week on a pretax basis. Evidence of Insurability is required to enroll in LTD if you previously waived coverage.

## Other Optional Insurance

### Critical Illness Insurance
Get a lump-sum benefit payment of $10,000 in the event you, your spouse or your children are diagnosed with one of the following critical illnesses: a cancer-related condition (e.g., cancer, bone marrow transplants, etc.), a heart-related condition (e.g., heart attack, stroke, etc.); and other critical conditions (e.g., major organ transplants, kidney failure, etc.). That payment can be used as you see fit to help pay for costs not typically covered by other types of insurance, such as loss of income due to time away from work, deductibles, co-pays, travel for treatment, etc.**

### Group Legal
Purchase coverage that affords you and your family unlimited telephone advice and office consultations with MetLife’s network of attorneys on covered personal and legal matters. Weekly premiums are just $3.63 and cover support on a variety of legal issues you may face. Examples include fighting traffic tickets; representing you if you become a victim of identity theft; defending you against debt collectors; negotiating a dispute with a landlord; drawing up a will and laying the groundwork for estate planning; helping with an adoption proceeding; and more.***

### Home & Auto
Get discounted rates year-round from MetLife on any number of policies for your personal insurance needs. Types of policies include auto, home, and landlord’s rental dwelling, condo, mobile home, renters, recreational vehicle, boat and personal excess liability (“umbrella”). MetLife offers 24-hour claim reporting and extended customer service hours. These are portable policies so you can take them with you when you retire or if you leave the company for another reason****

---

* Up to a monthly maximum of $7,500.
** For those newly enrolling in CII, the payroll deductions for premiums begin immediately. However, there is a waiting period before coverage takes effect. The waiting period is 90 days for cancer diagnoses and 30 days for all other covered conditions. Any illness occurring within the waiting period will not be eligible for a benefit payment.
*** Group Legal is a calendar-year benefit; it can only be enrolled in or canceled during Open Enrollment. Hyatt Legal Plans’ network of attorneys is subject to regular review and modification. Accordingly, the availability of any particular provider is not guaranteed. Contact Hyatt Legal Plans at 1.800.821.6400 for information specific to your location and legal needs.
**** Discount rates/availability may vary due to state regulations.
Healthcare. Daycare. Transportation. If you know you’re going to be spending money on these in 2017, it’s worth checking out our flex plans.

Flex plans save you money by letting you put aside pretax dollars from your paycheck for qualified expenses you know you’re going to have throughout the year.

Decide how much you want to set aside for the year within the contribution limits, make your election and equal installments will be deducted from your weekly paycheck and put aside for you for when you need it. **Important:** Because you’re setting an annual contribution amount, flex plan elections are required every year.

**Healthcare Flex Plan**

Set aside up to $2,600 per year before taxes to pay for eligible healthcare expenses.* Some examples:

- Prescription drugs
- Over-the-counter medications, if prescribed by a doctor, and some non-prescription over-the-counter items such as Band-Aids, blood pressure monitors, family planning kits, reading glasses, wheelchairs, walkers and canes.
- Medical equipment, including crutches, support hose, wheelchairs
- Treatments and therapies, such as X-rays, vaccinations, speech therapy
- Fees and services, such as hospital services, physician fees, anesthesiologist fees
- Dental care, including dentures and braces
- Vision care, including eyeglasses, contact lenses, laser surgery

Our healthcare flex plan is managed by Employee Benefits Corporation. When you enroll in a plan, you’ll receive a debit card to pay for qualified expenses. You’ll use it to automatically draw the funds from your account so you don’t have to pay with cash and worry about filing claims.

(Note: If you already have a debit card because you have a flex plan for 2016, keep it. You’ll continue to use it in 2017 if you re-establish a plan for the year.)

Learn more and find a full list of eligible expenses at ebcflex.com.

You’ll want to estimate your healthcare flex contributions carefully. **Any funds up to $500 still left in your healthcare flex plan at the end of the year will automatically roll over into your account for the following year.** Any amount over $500 will be forfeited per IRS regulations.

---

* This limit is subject to change as the IRS has not yet confirmed the annual maximum contribution.

---

Note: Health Flex is limited for HDHP Participants

If you elect the HDHP, you can only establish a limited flex plan, which allows you to be reimbursed for qualified dental and vision expenses only. HDHP participants are encouraged to establish a health savings account (HSA) to help pay for qualified medical expenses throughout the year. Turn to page 10 to learn more about HSAs.
Dependent Daycare Flex Plan
Set aside up to $5,000 (or $2,500 for married couples who file individually) to pay for qualified dependent daycare expenses. That includes daycare for dependent children under the age of 13 and care for any spouse or other dependent living with you for more than half the year and who is physically or mentally incapable of caring for him/herself. If you are electing this benefit as a married couple, note that you and your spouse must both be gainfully employed or actively looking for work.

How much will a flex plan save you?
With a $1,500 contribution to a health flex spending plan, you’d avoid $450 in taxes – cash you can instead put towards paying your healthcare bills.*

* Assumes a tax rate of 30%.

Transportation Flex Plans
If you’re an employee in an urban area, set aside up to $255 per month, or $3,060 annually, for either eligible parking or transit expenses.* Parking expenses are those incurred during working hours on or near your office location or where you park for your commute to work via public transportation. Mass transit expenses are those expenses you’d have for traveling to and from work (e.g., train passes, subway passes, bus fare/tickets). Expenses related to personal vehicles (e.g., gasoline or repair work) are not eligible for reimbursement under the plan.

Lock in your benefits for 2017. It’s as easy as 1-2-3.

Step 1 – Get informed
Learn about changes to our plan and the benefits available to you. This guide provides a good overview but much more information is available on ESconnection Online, your benefits website. Simply log on to esconnection.qg.com. There’s no username and password required to get to our Open Enrollment information.

Step 2 – Make your elections
Decide if you want to make changes and log on to ESconnection Online (esconnection.qg.com). Look for the Enroll Now buttons on our Open Enrollment pages starting November 3.

Step 3 – Confirm your elections
View and then save and/or print your benefits summary. You can log back on to ESconnection Online (esconnection.qg.com) and make changes any time during Open Enrollment. After the window closes on November 18, however, you’ll need to experience a qualifying event to make changes to your benefits elections. All the more reason to spend time weighing your options during Open Enrollment!

* These limits are subject to change as the IRS has not yet confirmed the monthly reimbursement limits for 2017 Transportation Flex plans.
